PROFESSIONAL SUMMARY

An innovative front-end developer with 3+ years of experience in building and developing user-friendly, interactive, and responsive web applications with skills gathered over the years. Every day, I learn, build, and try to gain access to new knowledge, since the tech space grows and introduces new technologies.

SKILLS

Technical: Figma, UI/UX, HTML, CSS, JavaScript, Typescript, TailwindCSS, NextJs, ReactJs, Web3Js, Git

Soft-skills: Writing, communicating, team work, learning new technologies

Languages: English (Proficient), Yoruba (Conversational)

PROJECTS

Burger Builder: For Ordering Burger | GitHub | Website   **September, 2023**
- Made used of firebase database services to store information of users which enabled me to build a full stack app without writing the backend.
- Made sure that each users data is protected and not seen by other users.

Blogr: A Blogging Site Landing Page| GitHub | Website   **August, 2023**
- Developed a pixel perfect website.
- Made used of vanilla JavaScript to toggle the Hamburger menu.
- Used grid to make a perfect layout.

Green Candle Stick: A Staking Dapp | Github | Website   **July, 2023**
- Built this Dapp by leveraging the power of web3 Js.
- Ensured that the Dapp is safe and protected by making necessary security checks and blocking the loopholes.

WORK EXPERIENCE

Breej — Frontend Developer   **Sept. 2023 – Nov. 2023**
- Developed and executed responsive web designs using HTML, CSS, and JavaScript, resulting in enhanced user experience and a 15% increase in website traffic.
- Constructed a responsive web application utilizing 90% Next Js and 100% Tailwind CSS, ensuring optimal performance, seamless user experience, and zero traffic issues.

Fiverr Freelancer — Frontend Developer Internship   **July. 2023 – Sept. 2023**
- As an intern, I excelled in a challenging, high-pressure environment that encouraged me to surpass my limits. This experience led to significant personal and professional growth, enhancing my skills and adaptability.
- Collaborative teamwork was a cornerstone of my experience, wherein I actively contributed to a substantial project as a dedicated team member.
- Contributed to the team with my skills in react, React Js, Typescript, and JavaScript for building high scale projects, responsive applications, and interactive web applications.
